

**NEW**

# Multi Power

## Power Turnout Outer & Multi Power Stable Under Blanket

### Features & Benefits

#### Neck Attachment Point

Multi purpose connection points to connect to the outer blanket and to the Optional Combi Neck, with or without the outer blanket.

#### Comfort

Shoulder darts for extra shoulder room and soft nylon lining in the shoulder area.

Outer	Outer and Under
WATERPROOF BREACHABLE	WICKING STAY DRY TECHNOLOGY
SUN/HEAT REFLECTIVE	ANTI-BACTERIAL/ANTI-FUNGAL
MULTI POWER	

#### Durable

Durable strong and hard wearing outer fabric.

#### Stay-Dry

Stay-Dry lining wicks moisture away and ensures that your horse is always dry.

#### The Multi Power Concept

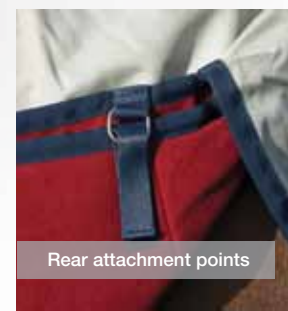

By combining the Power Turnout with the newly developed Multi Power Stable/Under blanket, the unique features of these two blankets offer maximum flexibility and protection when used either independently or when joined together. The Turnout can be used at temperatures up to +20°C and when combined with the Under blanket down to -25°C. The Under blanket is a superb Stable and Sweat blanket. Both blankets can be used with the optional Combi Neck for additional protection

#### Hygienic

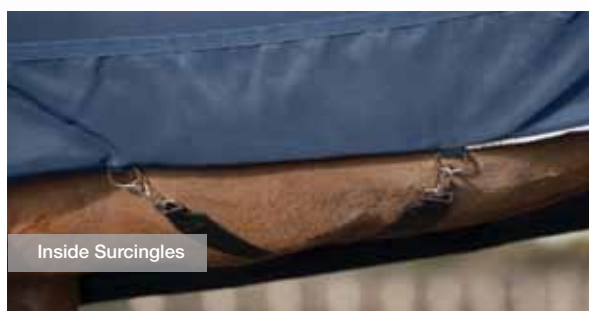

Anti-bacterial lining to protect your horse and keep the rug fresh.
